Book with confidence in 2021

We understand that trying to predict what will happen in 2021 is tough but with our no quibble Covid19 guarantee you can book with confidence and not run the risk of missing out on your adventure by late booking. Our guarantee means that if we or you need to cancel the trip for any Covid related reason then you get a full 100% refund of money you have paid us, including your deposit, or the opportunity to get a priority transfer to any other trip. All trips will run under Covid secure conditions, following our safety protocols - there is more information on our website, our risk assessments and the safety measures we have put in place to keep you and your families safe, all approved by the Adventure Travel Trade Association.
